

YOUSEF HABBEH

Software Engineer

About Me

Software engineer with over two years of experience, specializing in Flutter development. Collaborated with systems analysts to translate project requirements into technical solutions

EDUCATION

The University of Jordan

Bachelor of Computer Information Systems

2017-2021

GPA: Very Good

SKILLS

- Programming Languages: Python, SQL, MATLAB, Dart
- Development and Analysis Environments: Google Colab, Jupyter
- Development Tools: Android Studio, Visual Studio Code
- Data Analysis: Statistical Modeling, Machine Learning Algorithms
- Data Visualization: Matplotlib, Seaborn
- Data processing: Hadoop, Spark, Map-reduce, and Hive

EXPERIENCE

Flutter developer

Futeric

2025 - current

Flutter developer

Integrated Technology Group

2022 - 2025

- Proficient in Flutter SDK fundamentals and state management (Bloc, Cubit,... etc).
- Skilled in designing and implementing interfaces using Flutter widgets and third-party packages.
- Experience integrating RESTful APIs and parsing JSON data for seamless app functionality.
- Strong communicator, adept at troubleshooting, and contributing effectively within team environments.

Data Scientist

SHAI For AI

2021 - 2023

- Mentored students in data science fundamentals (preprocessing, modeling, evaluation) using industry best practices.
- Led workshops and projects to reinforce data analysis and machine learning skills.
- Guided project development and applied machine learning to real-world datasets.

Data Science Intern

SHAI For AI

2021 - 2022

Focused on Deep Learning and Machine Learning:

- Built neural networks for computer vision and loan prediction (TensorFlow, Keras).
- Learned regression, classification, clustering techniques with Kaggle projects (Python).

PROJECTS

Housing Pricing Prediction

- Built a predictive model for housing prices using statistical techniques and Python libraries like Matplotlib and NumPy.

Autism Detection

- Developed a deep learning model using pre-trained models (VGG16) with TensorFlow and Keras.
